PRESS RELEASE

**EOS CONSULTING ADVISES SONNEDIX ON THE ACQUISITION
OF A 48MW PHOTOVOLTAIC PORTFOLIO IN ITALY**

Solar Holding, the owner of a portfolio of solar photovoltaic projects in Italy having an aggregate capacity of circa 48MWp, has been acquired by **Sonnedix Italia S.r.l.**, a company belonging to the Sonnedix Group, an independent solar power producer. The sellers included Diamond Generating Europe (a 100% subsidiary of Mitsubishi Corporation) and Innovation Network Corporation of Japan.

The portfolio comprises 22 solar photovoltaic plants located in four regions: Umbria, Sardinia, Puglia and Piedmont. The transaction is part of Sonnedix's plan to expand in Italy, where it currently owns and manages a solar portfolio of close to 68MWp.

Eos consulting, Norton Rose Fulbright and Studio Palea advised Sonnedix on the transaction; Gattai, Minoli, Agostinelli & Partners advised Mitsubishi and INCJ.
